

Euntes Mission Center
SUMMER PROGRAM: "TOWARDS A RENEWED MISSION IN THE CHURCH"
April 9 - May 19, 2012

The Church is always in need of an intense renewal of her life and mission. Renewal is both God's gift as well as our own task. God has already accomplished it as the fruit of the mission of Jesus and the Spirit. It is now impacting on our world. Yet, renewal is a gift waiting to be made our own, to be incarnated in the life of the world, in the life of the men and women of Asia, in the life of the Church. ((Final Statement of the 7th FABC Plenary Assembly, Samphran, Thailand, January 3--13, 2000)

A Vision and Mission of Renewal:

- A renewal of which the author is God, who recreates us anew in the Spirit of his Son;
- A renewal which is missionary engagement, taking up with renewed vigor and spirit the *Missio Dei*, in creative interaction with the realities of Asia;
- A renewal that respects tradition but is courageous enough to embrace a future that grows in creative fidelity to that tradition;
- A renewal that enables us to dare tell the story of Jesus and announce his gift of new life to our Asian world of lights and shadows;
- A renewal that must include, given our human condition, not only conversion of minds and hearts but also a conversion of structures in which those marginalized by society are given a wider participatory role;
- A renewal that is the project of two poles, of the clergy plus lay men and lay women creatively working together;
- A renewal that celebrates communion--in--diversity, giving witness to the wonder of the Church's catholicity;
- A renewal that does not count on numbers and crowded churches nor on the numerous services we render.
- A renewal then toward a profound and holistic spirituality and an interiority that mirrors our newness of life in the Spirit of Jesus, our new way of being Church.
- A renewal that prepares for the Year of Faith announced by Benedict XVI (Oct 11, 2012 – Nov. 24, 2013).

MODULES
